Bins could be hazardous

Not very well-lit for nighttime

love the trees

old

un-engaging

don't like all the bins on the driving space.

nature friendly, maintained

needs to be more open

Like it I think its a big area, maybe more paint colour would be good

Car Park space.

Mentimeter

like all the trees

trees are great

there could be lighting for at night

keep all the trees. move bins around so there are bins in all locations not just one- helps prevent littering.

maybe have more bins around rather than in one spot to prevent an unclear environment.

As a young female due to the car park being quite reserved and sheltered I would possibly feel unsafe in the environment

bins need their own spot, a bit unsafe just in the middle of a carpark and doesn't look very nice

the trees could be dangerous in storms

more colour; to make it look like a more engaging place

Car Park space.

love the trees and shade over the cars

i like that it it a largeish area

I like the simplicity of it, however due to the surrounding trees everywhere, it may become a space where people feel safe to do stupid things as it is very closed off.

I think it looks very welcoming and I love the amount of trees and nature. It looks like somewhere you would have a community.

I like the trees around the car park and I feel that its a good space just that maybe thee bins could be more scattered so that theres less littering

Could add i white fence or something

I like how open it is, I like the trees, its a good space I don't think it needs any change

Trees are really good

the garden to the left is a bit of a mess.

Car Park space.

Mentimeter

could have some small intermediary shrubs ect to make it feel more welcoming

not much visibility from the road

sustainable due to not using asphalt

have lights so safe at nighttime, considering its no longer daylight savings.

I would feel Nervous at night time

its usually well kept and clean

the environment is untouched

Really nice

incoporate indegnous artwork

Nice, modern but fits in well, welcoming

Grass a bit unflattering, like the open space though

i like how it is new and well kept and clean.

It looks very clean and looks very helpful

looks very modern

More seating options

like the pop of colour from the red

Football Cricket facility.

I like the red on the building

good colour, like the nature

seating areas

Nice building, looks like a good community space

love the trees around it

To the right the grass/plants are messy and look unkept. Would look better if it was redone.

it could use some colour of the walls, it looks rather dull and somebody will most likely graffiti it

more seating needed around

the new facility is good and seems necessary in the space

Football Cricket facility.

28

Answers

Mentimeter

more tables and seating would be great

like the modern look

needs more options to sit

Modern architecture is great as well as use of colour

maybe have signs of participating sporting clubs to gain awareness and encourage people to join them

it doesn't make me feel like I'm in the hills, stands out from its surroundings which is both good and bad

similar to other club designs

You could incorporate indigenous artwork to make it fit in well

maybe change the red to a more natural colour

Football Cricket facility.

plain

like grassy area, picnic area, wood benches

artwork would be nice something colourful like the bird on the ferntreegully library

Some artwork would be good

very large area but is empty

looks very separate to the rest of the areas

Not very well kept and is somewhat closed off.
May attract unwanted behaviour due to this and
make other community members feel unsafe

a very old and simple looking space. Not engaging.

seems underutilised, an empty space that could
be used for something, seems like a place with no
supervision

Space next to the Netball Pavilion.

39

Answers

Mentimeter

Should make it brighter and more colourful

add artwork to the building

adding lighting

unsafe space around the back of the netball courts
not enough visibility

maybe a gazebo/picnic ground there to make
more welcoming and full.

almost has an abandoned look

personally wouldn't feel very safe there

colour, art?

Looks dodgy

Space next to the Netball Pavilion.

39

Mentimeter

Could incorporate some artwork

spaced looks plain not much use

Bland but not confident it'd be used much anyways. May become an area for picnics due to the lush grass

I wouldn't go there by myself.

picnic tables and chairs would be a good addition

needs more colours, I like the mural idea

maybe a garden or some seating in the surrounding grass areas

Doesnt have a positive feel

maybe space for a community garden?

Makes area look sketchy and may deter people from using it.
Indicates the kind of people using this area

needs a paint job, maybe cameras if none to ward off bad behavior, something like giant chess or a four-square area, promote good activities

colour

change of scener, more colour, dark, more inviting

canteen area?

Less shutoff

needs to be more modern
